

RESOLUTION IN SUPPORT OF
THE ROGERS ROAD COMMUNITY

BE IT RESOLVED that the Orange County Democratic Party recognizes that the siting of the waste transfer station adjacent to the landfill was made over the objections of the Rogers Road Community, which has already endured the negative impacts of nearby solid waste facilities for 35 years; and

BE IT FURTHER RESOLVED that the Orange County Democratic Party asks the Orange County Board of Commissioners to reconsider its earlier decision to site the waste transfer station adjacent to the Rogers Road community, which has already borne more than its share of the burden of waste disposal, and to conduct a thorough public search for an alternative site; and

BE IT FURTHER RESOLVED that the Orange County Democratic Party supports the Rogers Road community in its requests to the several local governments and agencies for the amenities being brought forward by the Historic Rogers Road Community Enhancement Plan Development and Monitoring Task Force.

Passed by the Orange County Democratic Party Executive Committee, September 20, 2007
